Hubbard House

# MISSION VISION

Safety, empowerment and social change for victims of domestic violence and their families.

Every Relationship Violence-Free.

## ABOUT

Hubbard House is the certified domestic violence center serving Duval and Baker counties. Since our founding in 1976, Hubbard House has supported more than 155,000 survivors of domestic violence and children with life-saving, life-changing emergency shelter and wrap-around services.

### Key outcomes you helped us accomplish this year:

#### HOUSING

Our HOPE Program grew by 101%, helping more survivors secure a safe place to live.

#### AWARENESS

We launched a new website to make it even easier for survivors to learn about resources and get help.

#### OUTREACH

We continue to reach out to survivors in our community by training law enforcement and medical providers. We also work with organizations that help neighborhoods in need.

## A SURVIVOR'S JOURNEY

With your continued support of Hubbard House's life-saving, life-changing services in FY 2023, 4,828 survivors of domestic violence and children in our community found safety.

### Survivors like Danielle...

Danielle's husband was physically abusive and convinced her nobody would believe he hurt her. He controlled her money, threatened their children, and constantly belittled her.

One day at work, Danielle saw a brochure for Hubbard House.

### She knew it was time to get help.

Danielle called the 24/7 Hotline to learn how Hubbard House could help. Her advocate explained Danielle was in control of deciding how to find safety for herself and her children, and Hubbard House would be the support she needed on that path.

Danielle and her children came to Hubbard House's emergency shelter. They were met with safe beds and a good meal.

### Hubbard House's pantries are stocked because of your support.

Alongside advocates, Danielle developed a plan, including setting up her own bank account, finding housing, and connecting with a counselor.

### Hubbard House's resources are free because of your support.

Danielle's children worked with advocates to learn about healthy relationships and conflict resolution. Hubbard House's Children's Counselor helped them process their feelings.

### Hubbard House supports safety and healing for Danielle's family, because of your support.

## Hubbard House

Because of your donations and support, survivors like Danielle and her children found safety. They found peace. They found hope.

Your support of Hubbard House means **thousands** of local survivors and children find safety, peace, and hope each year.

### You help Hubbard House shine a light for a survivor's healing journey!
