

Hubbard House

CELEBRATING

50 Years

OF SAVING LIVES

ANNUAL REPORT 2025-2026

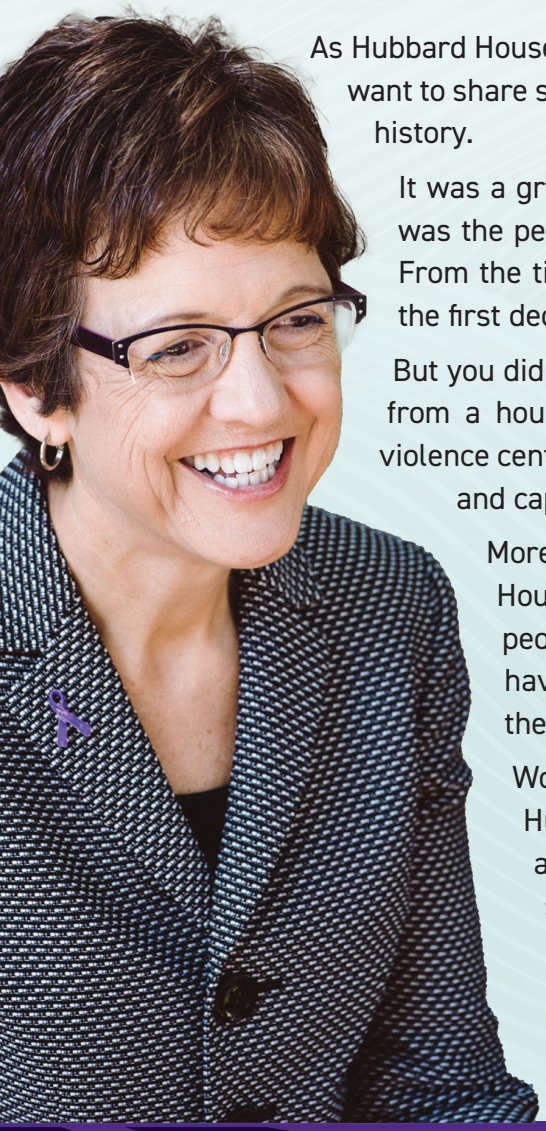

OUR MISSION

Safety, empowerment, and social change for victims of domestic violence and their families.

OUR VISION

Every Relationship Violence-Free

Letter from Hubbard House President & CEO Dr. Gail Patin

As Hubbard House celebrates the amazing milestone of serving our community for 50 years, I want to share some reflections on how important you—***our community***—are in our impactful history.

It was a group of local volunteers that first saw the need to support survivors, and it was the people of Jacksonville who had the **strength** and **courage** to make it happen. From the tireless and passionate work of this community, Hubbard House opened as the first dedicated domestic violence shelter in ***Florida's history*** in 1976.

But you didn't stop there. Year after year you step up for survivors, helping us to grow from a house on Hubbard Street in Springfield to the only state-certified domestic violence center serving Duval and Baker counties, reinforcing our experience, credibility, and capability to do this **life-saving, life-changing work**.

More than 169,000 survivors and children have found safety through Hubbard House in the last 50 years. That's 169,000 of the strongest, most courageous people you will ever meet. What I'm most proud of is how you—***our community***—have wrapped your support around each and every one of them. You showed them they are not alone.

Words cannot capture how deeply grateful I am that you have supported Hubbard House as the source of **safety** and **hope** for survivors for 50 years. I am proud of this community, and I know you stand with me as we commit to seeing Hubbard House's vision: Every Relationship Violence-Free!

Peace,

Gail a Patin

Hubbard House President & CEO

GROUNDBREAKING PROGRAMS:

Addressing the evolving needs of our community

Seeing the deadly impact of domestic violence, in 2000, Hubbard House partnered with the Jacksonville Sheriff's Office and City of Jacksonville to found the first-of-its-kind Intimate Violence Enhanced Services Team (InVEST).

In InVEST's first two years, intimate partner homicides decreased by 63%. Each year since, hundreds of survivors in the most lethal situations receive enhanced services and support through Hubbard House.

Leading efforts to support survivors in the child welfare system, in 1997 Hubbard House was selected as one of only four sites in the country to create a standard for collaboration within that system.

This child welfare partnership model created by Hubbard House has been implemented across the state. Each day, advocates support survivors as they protect their children from abuse.

Focusing on survivor safety within the criminal justice system, Hubbard House created an innovative partnership with the Jacksonville Sheriff's Office and State Attorney's Office, the Domestic Violence Intervention Project (DVIP) in 1988.

DVIP collaborates with courts, police, and others to enhance how domestic violence cases are handled and promote batterer accountability.

WHERE WE STARTED

Our first shelter was just a small four-bedroom house on Hubbard Street, but it served as a haven for **492 women and children** in its first year.

The shelter was a truly life-saving foundation from which Hubbard House's comprehensive services and support have grown, now serving **nearly 5,000 survivors and children** each year.

WHO WE ARE

With experience comes expertise, and Hubbard House has many advocates with more than 10, 20, and even 30 years of service to survivors. That means when a survivor reaches out for help, not only are we here, we are ready.

As the only state-certified domestic violence center serving Duval and Baker counties, we adhere to high standards that uphold our reputation for excellence.

While hundreds of survivors and children each year find safety in Hubbard House's emergency shelter, thousands work with Hubbard House's outreach-based services. This includes housing assistance, safety planning, counseling, court advocacy, children's services, and so much more.

WHERE WE'RE GOING

The momentum of the last 50 years is not slowing down. We continue to build on our legacy of innovative programs to meet the emerging needs of survivors and work toward a future without domestic violence.

RISE! COUNSELING PROGRAM

We know physical safety is often the start—not the end—of healing, so Hubbard House is expanding our counseling support for survivors and their children.

COMMUNITY COLLABORATION

Survivors are safer with a comprehensive network of support. Hubbard House is forging new partnerships with criminal justice, child welfare, and community-level partners to promote survivor safety and batterer accountability.

"Because of Hubbard House, not only have I lived through this, I am thriving."

—SURVIVOR

VIOLENCE PREVENTION EDUCATION

Focused on preventing violence before it takes place, Hubbard House is growing our educational programs that teach youth and engage men, equipping them with tools to be positive allies in violence prevention.

HUBBARD HOUSE TIMELINE

1976 — Hubbard House's emergency shelter opens 24/7

The need: Women and children had nowhere they could go to escape abuse

Your support: A generous $10,000 donation allowed the shelter to open 24/7

1978 — Hubbard House opens second shelter on Duval Street

1979 — Hubbard House launches therapeutic children's services, among the first of its kind across the Southeast US

1981 — Hubbard House creates one of the first programs in the country to hold batterers accountable, the First Step Program

1985 — First Hubbard House Thrift Store opens on Edgewood Avenue

1997 — Hubbard House pioneers a child welfare system partnership that is now the state standard

1997 — Hubbard House opens state-of-the-art shelter facility, which is still in use today

The need: A small home was not enough to shelter the hundreds of survivors and children who needed a safe haven each year

Your support: A community-driven $4.6 million capital campaign led to the construction and opening of an 86-bed facility

1999 — Men Against Violence Against Women launches as Hubbard House's male engagement initiative

Celebrating 50 years of saving lives

2000

Hubbard House creates a partnership to reduce lethal intimate partner homicide, a program that has since been replicated around the country

2006

Hubbard House Foundation is established to ensure the long-term financial stability of Hubbard House programs

2007

Hubbard House's Outreach Center and new Thrift Store open on Beach Blvd

The need: The healing and long-term safety of survivors requires support and resources beyond shelter

Your support: A generous donation of $750,000 meant Hubbard House could purchase and open a new Outreach Center to support thousands of survivors outside of shelter each year

2016

Hubbard House expands emergency shelter capacity by 35%

2017

Injunction for Protection Project created to provide legal representation for survivors seeking restraining orders

The need: Over 6,000 injunctions for protection are filed in Duval County each year, as survivors seek protection against their abusers

Your support: Your donation of $1,550 means an expert attorney is available for survivors through the injunction process

2018

HOPE Housing Program established to expand opportunities for safe housing and wrap-around support

2020

As domestic violence calls to police spike during the pandemic, Hubbard House launches "Quiet Moments" Hotline awareness campaign, generating 13,000 clicks to call in just three months

2020

Hubbard House launches a 24/7 Textline

FY26 IMPACT

879 volunteers contributed their time and expertise

8,523 hours volunteered, valued at $277,339

500 education and awareness events in our community

99% of shelter residents reported knowing more ways to plan for their safety

4,597 survivors and children served

3,692 crisis calls answered

684 survivors and children sheltered

15,409 counseling hours provided

2,640 survivors and children provided legal representation and advocacy

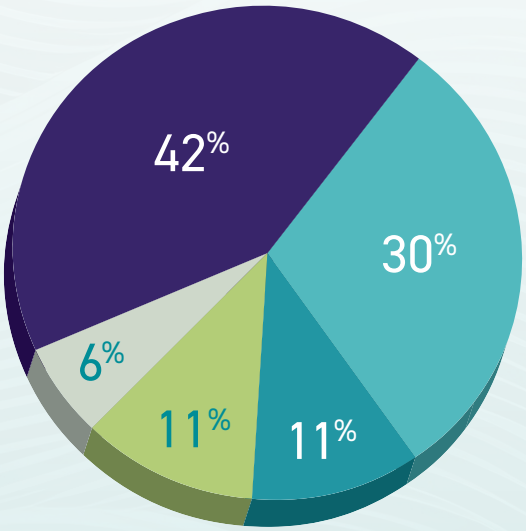

529 survivors and children supported with their own safe, independent housing

Hubbard House FOUNDATION

Celebrating 20 Years

Letter from Hubbard House Foundation President Michael Ward

I write this not only as the President of the Hubbard House Foundation, but as a long-time donor to Hubbard House. When I think about my philanthropic giving each year, Hubbard House is consistently among the top organizations I support. The reason for that is clear: ***Hubbard House is an organization that saves lives.***

That purpose is also what led me to the Hubbard House Foundation. It's **critical** to support the needs Hubbard House has today, but it's also **vital** to ensure Hubbard House is here in the future. That's where the Foundation comes in, and I am ***incredibly proud*** that, with the Foundation's work, we know Hubbard House will be here as long as the need exists.

As I look back on the Hubbard House Foundation's 20-year history, it's with a great appreciation for the **talented** and **dedicated** Foundation Board Members who have helped our endowment grow to over $10 million. That endowment alongside Hubbard House's sound financial management means lives are saved today and for years to come.

With gratitude,

Michael Ward

Hubbard House Foundation Board President
PHILANTHROPIST &
RETIRED CORPORATE EXECUTIVE

"I needed a safe haven and I knew Hubbard House could be that opportunity."

— SURVIVOR

HUBBARD HOUSE FOUNDATION

The Hubbard House Foundation oversees an endowment that is strategically invested and managed by a board of business experts and civic leaders. Each year, the Hubbard House Foundation awards a grant to Hubbard House to provide critical funding toward our life-saving, life-changing shelter and services.

Because of the Foundation, Hubbard House is a solid organization with strong financial resiliency. You can trust that your donation and investment into the safety of survivors and their children will benefit our community now and into the future.

HUBBARD HOUSE FOUNDATION SUPPORT

In its 20-year history, the Hubbard House Foundation has awarded $5,871,814 to Hubbard House

2025-2026 award: $552,659

A gift to Hubbard House saves the lives of survivors **today.**

A gift to the Hubbard House Foundation guarantees support for survivors **forever.**

We are so excited to celebrate
